

For Love of Blue

Cobalt swept from an artist's palette,
Ripples of color, pure blue, brilliant,
A September sea and sky, cool and crisp,
Blue eyes, blue jeans, blue velvet, soft and warm,
Eternal color to calm and comfort.

We understand your love of blue. As jewelers we indulge our passion for blue in seeking the best of the best, blue sapphires.

We spend weeks each year comparing, considering, to find the most perfect sapphires.

Once chosen, we select high-white, precision-cut diamonds to complement. Our master jewelers then mount in platinum or gold.

Seeking something extra special?
Select a loose sapphire from our vault
and we will create the ring of your dreams.

The Lady Captain's Ring

"I Want to Wear My Ring All the Time!"

Women told us what they wanted: a diamond ring which could be worn all the time and yet was both feminine and beautiful. We listened and created an entire collection of contemporary designs which are low profile, durable, and comfortable.

These exclusive designs were created to be worn 24 hours a day, 365 days a year, during the widest range of activities. Ideal for today's active lifestyles. Each ring in this lifestyle collection features a full platinum rim to protect the entire outer perimeter of your diamond.

From day one, the Lady Captain's Ring was an instant hit. It is a ring which possesses mystic appeal. There is just something about the double-horizontal double-vertical design that simply appeals. The design is low-profile, comfortable, wearable... flows with the hand... it's completely natural.

The Loon

*Hallowed spirit of dusk and dawn
Voice of lake, mist, and moon
Song of time and solitude.*

Loons are denizens of summer lakes and ponds. In November, under camouflage of the second molt, they leave their northern lakes to winter at the sea. Their haunting calls echo in quite coves and rugged cliffs along the lonely winter shore.

Mystic ciphers
side views

MONHEGAN ISLAND LOBSTER GODDESS RING

On Manana, the island that creates Monhegan's harbor, is a large rock at its center with mystic ciphers. Speculation has suggested Phoenician, Viking, or Indian petroglyphs or then again perhaps the Lobster Goddess. This is the Lobster Goddess Ring with Manana's mystic ciphers engraved on the sides. Copies of ciphers obtained from records of the Monhegan Historical and Cultural Museum. More information on-line.

Spindrift

Spindrift is the magic you see from shore on days of great surf when a strong north wind creates a fine feathery mist blown back from cresting waves.

When we experience spindrift at its perfection there is something in the human soul that is deeply satisfied... A mystical experience.

This is Spindrift, the ring, cresting wave in gold curling about a center diamond.

Sailor's Valentine

A love token for your sweetheart

Sailors' valentines are a window into sentiment and love from the high seas of the 18th and 19th centuries. It was during this period that men returned from sea with their treasures from distant ports. One of the most popular gifts of love and devotion from this era were sailors' valentines, eight-sided mahogany boxes filled with elaborate patterns made from tiny sea shells... love tokens for their sweethearts at home.

In the spirit of this centuries-old custom we have created for modern man, miniature sailors' valentines to give to your sweetheart in your choice of silver, gold, or a blend of both.
