

The Lady Captain's Ring

"I Want to Wear My Ring All the Time!"

Women told us what they wanted: a diamond ring which could be worn all the time and yet was both feminine and beautiful. We listened and created an entire collection of contemporary designs which are low profile, durable, and comfortable.

These exclusive designs were created to be worn 24 hours a day, 365 days a year, during the widest range of activities. Ideal for today's active lifestyles. Each ring in this lifestyle collection features a full platinum rim to protect the entire outer perimeter of your diamond.

From day one, the Lady Captain's Ring was an instant hit. It is a ring which possesses mystic appeal. There is just something about the double-horizontal double-vertical design that simply appeals. The design is low-profile, comfortable, wearable... flows with the hand... it's completely natural.

RETRO ICE

*The pure cool white of diamonds melts
into the pure cool white of platinum;
melts into summer's warmth of yellow gold.*

*Little waves of gold gather,
swirling at the base of diamonds.*

Diamond light streams from center to side.

*Diamond light shimmers icy blue-white...
quite simply... a delight.*

Retro Ice is a refinement of a classic Cross design from the 50's and 60's. Your grandmother probably had one.

Larger round center diamond, eight graduated small round diamonds. Retro Ice is a combination wedding-engagement ring in a low-profile, comfortable design. This combination simplifies life.

BEACHCOMBER

There's a beachcomber in each of us. The child, the man, the woman, walking barefoot in the sand, watching the waves, scanning the leading edge of the advancing tide to discover what gifts have arrived for this morning's walk... shells, beachstones, driftwood, and some measure of peace. The treasures we are all searching for are the same.

Our Beachcomber pendant has a bright polished beachstone and a driftwoodesque lazy wrap in gold which surrounds. 14K yellow gold, 18" wheat chain.
